SUMMARY

As a dedicated BCA student with a passion for technology and problem-solving, I possess a solid foundation in programming languages like Java, complemented by experience in web development. My academic and project work has strengthened my teamwork, communication, and analytical skills, allowing me to collaborate effectively and contribute to impactful projects. I am committed to leveraging my knowledge to innovate and solve complex challenges in the tech industry.

EXPERIENCE

Java Development intern

Sep '24 — Present

Cognifyz Technologies

India (Remote)

- Learning to develop and maintain backend systems using **Java** and **Spring Boot**.
- Gaining hands-on experience in optimizing performance and applying software development best practices.

Frontend developer intern

Aug '24 — Sep '24

VerveBridge

India (Remote)

- Collaborated closely with UX/UI designers to translate design wireframes into fully functional web pages.
- Integrated APIs to fetch and display real-time data, ensuring seamless user interaction.

Web Development Intern

Jul '24 — Jul '24

CodSoft

India (Remote)

- Developed and maintained web applications using **HTML**, **CSS**, **JavaScript**, and other modern web technologies.
- Built responsive and user-friendly interfaces to enhance **user experience**.

SKILLS

Top Skills HTML5, CSS, JavaScript, Java, Spring boot, Github, Git

PROJECTS

Restaurant Website, VerveBridge [Link](#)

Present

- Designed a **responsive and visually appealing UI**, ensuring seamless navigation across various devices and screen sizes.
- Ensured **cross-browser compatibility** and **SEO-friendly** structure for enhanced discoverability.

Weather App , VerveBridge [Link](#)

- Integrated **OpenWeather API** to fetch and display real-time weather data, including temperature, humidity, and wind speed.
- Implemented features like **city search**, **weather icons**, and a **5-day forecast**, enhancing app functionality.

Myntra Clone [Link](#)

- Developed a **Myntra Clone** using **HTML**, **CSS**, and **JavaScript**, replicating key functionalities of the original e-commerce platform.
- Implemented **Wishlist** and **Bag** functionalities, allowing users to add, remove, and manage items.

Amazon Clone [Link](#)

- Created a **landing page** replicating the design and layout of Amazon using **HTML**, **CSS**, and **JavaScript**.
- Used **best practices in front-end development** to maintain clean, structured, and reusable code.

EDUCATION

BCA, Computer Science in Computer Science, Mohanlal Sukhadia University

2022 — 2025

Senior Secondary Education in , RBSE
